Today we are closing out our series we started four week ago on relationships, specifically how God wants to bring renewal as we prepare for a brand new season of community groups. Over and over again, through out the New Testament, God emphasizes the importance of *one another* relationships. However, the reality of the world we live in is that we drift away from the very things we need in order to grow and be successful. Commitment is not enough. We must be connected because ultimately, life is better connected. That is what Re:Group is all about.
